01 EVERYDAY IT & SUPPORT

Dependable setup, repair, security, and support for your home and small business.

SETUP & DEPLOYMENT

Desktops, networks, Microsoft 365, phone systems, and smart-home or 3D-printer commissioning — installed right the first time.

Single Device Setup — Unboxed, configured, and ready to work on day one	From \$160
Workstation Deployment — 1–3 devices set up identically and ready to go	From \$400
Multi-Device Rollout — 4–10 devices deployed consistently across your team	From \$800
Network & Wi-Fi Optimization — Faster, more reliable coverage in every corner	From \$300
Azure / Microsoft 365 Tenant Setup — A secure, properly licensed cloud foundation	From \$600
Phone Tree / RingCentral System — A professional phone system that never drops a caller	From \$400
Smart Home / 3D Printer Commissioning — Dialed-in and ready to run from the first job	From \$200

TROUBLESHOOTING & REPAIR

From mystery slowdowns to virus cleanup and data recovery — diagnosed and fixed.

Quick Diagnosis / Password Reset — Remote or on-site triage to pinpoint the issue fast	From \$80
---	------------------

Slow PC Optimization & Cleanup — Startup, disk, and junk cleanup with trusted tuning tools	From \$160
Virus / Malware Removal — Deep scans with Malwarebytes and enterprise-grade tools	From \$160
Hardware Diagnosis & Repair — Component testing and sourcing for dependable parts	From \$200
Data Backup & Restore — Secure local and cloud backups via Backblaze or OneDrive	From \$200
Wi-Fi / Connectivity Troubleshooting — Signal mapping and router tuning for stable coverage	From \$100
Major System Recovery — Drive recovery and full OS rebuild when data is at risk	From \$400

DATA DESTRUCTION

NIST SP 800-88 media sanitization with chain-of-custody and certificates — audit-ready records.

Single Drive Wipe — Drive securely erased to NIST standards	From \$55
Drive Wipe + Certificate of Destruction — Erased, plus a signed certificate for your records	From \$110
Multi-Device Batch — 3–10 drives wiped with one audit-ready report	From \$210
Physical Destruction + Documentation — Drive destroyed with photo proof and paperwork	From \$70
Full Decommission — Wiped, documented, and responsibly disposed	From \$210

CYBERSECURITY & HOME SUPPORT

Antivirus, backups, smart-home setup, and patient help for everyday users.

Antivirus / Backup Setup	From \$100
Security Baseline Audit — Home or small business	From \$200
Senior Tech Tutoring — Per session	\$80–\$160

Smart Home Setup & Integration — Google Home, Nest, Alexa, smart locks & more	From \$200
Monthly Support Plan Onboarding — Ask about ongoing plans	Included in plan

TECHNOLOGY WORKSHOPS

On-site group tech instruction for your community or organization — senior centers, nonprofits, libraries, teams, and clubs alike. Fixed per-seat and daily rates.

2-Hour Workshop — \$400 / day minimum **\$35–\$50 / seat**

4-Hour Half-Day — \$600 / day minimum **\$60–\$85 / seat**

6-Hour Full-Day — \$800 / day minimum **\$90–\$125 / seat**

Recurring Series **BEST VALUE** 4+ sessions

10–15% off / seat

02 SOFTWARE, WEB & AUTOMATION

Custom automation, websites, and apps that save you time and grow your business.

AUTOMATION & EFFICIENCY

Custom scripts, Excel tools, call trees, and AI deployments that do the busywork for you.

Single-Task Automation Script — Automate a repetitive chore and reclaim hours each week **From \$200**

Excel Macro / Data Tool — Turn manual spreadsheet work into one-click reports **From \$300**

Multi-Step Workflow Automation — Let data move between your apps on its own, error-free **From \$600**

RingCentral Call Tree / IVR — Route every caller to the right place, automatically **From \$400**

AI Tool Selection & Deployment — Put the right AI tools to work without the guesswork **From \$400**

Business Process Redesign + Automation — Rebuild a slow process around automation that scales **Request a quote**

WEBSITE & APPLICATION DESIGN

Brochure sites to e-commerce and custom portals, plus ongoing care plans.

Brochure Website — A polished landing site that gets your business found online **From \$1,250**

Business Website — A multi-page site with a blog, photo galleries, and contact forms **Request a quote**

Interactive Website — Online booking, newsletters, and customer tools	Request a quote
Online Store — Sell products online with a catalog, shopping cart, and secure checkout	Request a quote
Customer Portal — Client logins, dashboards, and custom tools built around your workflow	Request a quote
Website Care Plan — Updates, backups, and monitoring that keep your site fast and secure	From \$150 / mo

MOBILE APP DEVELOPMENT

Custom mobile apps for iPhone and Android — from a first proof-of-concept to a polished, app-store-ready product. Every build is scoped carefully and quoted conservatively, so you know exactly what you are getting and where it will live.

Discovery Sprint — Wireframes, a feature plan, and an honest build / no-build call before you spend on development	From \$750
Starter App — A focused first version on one platform (iPhone or Android), ready to put in front of real users	Request a quote
Cross-Device App — A single app that runs on both iPhone and Android, published to the App Store and Google Play	Request a quote
Full-Featured App — Accounts, push notifications, and your core features — launch-ready on both app stores	Request a quote
Advanced App — Payments, live data, and offline access, engineered to scale on iPhone and Android	Request a quote

03 ENGINEERING & DESIGN

Custom 3D design and printing, circuit boards, and mechanical engineering.

3D PRINTING & CAD DESIGN

Custom design, functional parts, and small-batch production. Material is always quoted separately.

Print-Ready File — You supply the STL; we print and finish it	From \$40 + material
Custom CAD Design — Brackets, enclosures, and mounts from your specs	From \$200 + material

Functional Part / Replacement — Recreate a broken or discontinued part	From \$400 + material
Complex / Multi-Part Assembly — Tight tolerances and moving parts	From \$800 + material
Prototype Iteration — Design–print–test loops before production	From \$600 + material
Small Batch Production — Short runs of 5–25 finished units	Request a quote
Printer Setup & Calibration — Dialed in for clean, reliable prints	From \$100

HARDWARE DESIGN

Custom electronics and mechanical engineering — from circuit boards to the housings that hold them.

Circuit Board Design — Schematic capture and board layout, ready for fabrication	Request a quote
Mechanical Design — Precision-fit enclosures, brackets, and mounts for your build	Request a quote

04 BUSINESS SOLUTIONS & STRATEGY

Higher-level consulting, documentation, and fixed-scope packages for growing organizations.

IT CONSULTING

Strategy, roadmaps, audits, and budgets — clear direction for your technology.

Technical Consultation — Expert answers up front — credited 100% to your project	\$50 / hr
Workflow Efficiency Audit — Pinpoint the bottlenecks quietly costing you time and money	From \$400
Technology Strategy & Roadmap — A clear plan so tech spending follows your goals	From \$600
Cloud Migration Planning — Move to the cloud without downtime or surprises	From \$600
Hardware Spec & Procurement Plan — Buy the right gear once, at the right price	From \$300
Small Business Tech Budget Plan — Predictable tech spending with no surprise costs	From \$400

KNOWLEDGE TRANSFER

Capture the workflows, equipment know-how, and legacy systems your business depends on — so a dated ERP, a specialized machine, or a process living in one person's head can be documented and run by anyone you hire.

Single Process Document (SOP) — A step-by-step runbook anyone can follow	Request a quote
Onboarding Guide — Get new hires productive in days, not weeks	Request a quote
IT Environment Documentation — Your network, assets, and logins in one record	Request a quote
Tribal Knowledge Capture — Save what is stuck in one expert's head	Request a quote
Training Guide with Walkthrough — Annotated, screenshot-led steps	Request a quote
Knowledge Base Setup — A searchable home for all your how-tos	From \$250

BUSINESS SOLUTION PACKAGES

Fixed-scope, fully documented engagements built on proven TES best practices — repeatable solutions that strengthen your business infrastructure and scale with you.

- i** Pricing scales with the size of your business — affected users, devices, and software licenses. Engagements start around \$400; you receive a fixed quote after a quick scoping call.

IT Baseline & Stability Package

Setup + quarterly health checks

Quarterly IT Health Review

Recurring infrastructure check-ups

Security Audit & Gap Report

Scorecard + policy starter pack

M365 Migration-in-a-Box

Guided email & identity migration

Communication Stack Setup

Teams, Zoom, or RingCentral

IoT Deployment Plan

Architecture + documentation

Business Data Setup & Cleanup

Schema, ETL, and reporting

Process Audit & Automation Plan

Prioritized 30/60/90 roadmap

Custom Workflow Automation

API & connector builds

Vendor & Subscription Optimization

Find and cut wasted spend

HOW WE WORK

ONE PARTNER. ONE FIXED PRICE.

You buy outcomes, not hours. Every engagement is scoped, priced, and delivered as a single fixed cost — no surprise invoices. Start with a **free 15-minute consultation** and we'll turn the right line items into a clear proposal.

VETERANS & FIRST RESPONDERS SAVE

As a veteran-owned shop, we proudly extend a discount to individual veterans and first responders. Applied to the scoped price and fixed costs of your project — available on personal work, not business engagements. Just mention it during your consultation.

SENIOR & VULNERABLE POPULATION OUTREACH **FREE**

As our schedule allows, we host occasional charitable seminars on using everyday technology safely — scam awareness, smartphones, video calling, and more. Can't make it to one? Visit tevisengineering.com and sign up for our newsletter for the same practical tips, delivered regularly.
